Looking forward to the completed and inked story. Well done. :)

Celia Connaire

Pencils are light but clear - you were able to get specific detail and backgrounds into the panels even though they are somewhat small. All the dialogue was clear and it was easy to follow in the right order.

Vasileva Maria

I love your work with background and perspective.

The only point I didn't give was for the letters being drawn lightly - they look like they are already inked? But maybe this is digital?</div></div></div></div></div></div></div></div>

i completed this in pencil but my eyes just are not that good for lettering, the final would be computer generated text and bubbles. But laying this out in this fashion allowed me understand a few needed elements to watch out for.

Hi! You've chosen a very interesting minimalistic visual format, I like it! Good luck with the final steps of your comic!

fatimah
